- Ragging free campus.

VISION

To develop Saraswati Dental College into a center of excellence of international acclaim in the field of Dental Education, Healthcare and Research.

OBJECTIVES

To provide equal opportunity to all eligible candidates aspiring for dental education.

- To inculcate professional skills in graduate and postgraduate students by providing excellent dental education to enable them to excel in highly competitive and diverse global market.
- To provide a learning environment that promotes ethical and moral value systems in students for quality dental practice to cater to the growing dental health needs of the society.
- To promote campus environment that treats women and men of all religions, races, creeds and cultures equally and to establish an environment that values integrity, academic freedom and intellectual curiosity in pursuit of new knowledge.
- To promote and educate environment friendly practices in the society.

MISSION

- To transcend boundaries and be a global brand in value education in the field of dentistry.
 - To sculpt and produce moral, civic and socially responsible professionals by providing integrated dental education in a diverse learning environment.
 - To promote a campus environment that welcomes and honour women and men irrespective of their religion, caste, creed and culture.
 - To create an atmosphere that values intellectual curiosity, pursuit of knowledge, academic freedom and integrity.
 - To render affordable, prompt and diverse dental and medical treatment to the society.
 - To create bridges between industry and academics through collaborative research and continuous interaction.
-
- To provide wide variety of off-campus educational and training opportunities including use of information technologies to dental students and faculty.
 - To impart basic and advanced learning by engaging in scientific research to improve human health and quality of life.
 - To promote research in the field of dentistry and allied sciences by exposing the faculty and students to recent research methodologies and by creating world class facilities within the institution.
 - To collaborate with industry, government and non-government institutions in order to provide inter-disciplinary academic programs and bridge the institute industry gap.
 - To provide excellent online teaching-learning-evaluation environment that promote innovation & entrepreneurship and facilitates professional development while utilizing vast eResources.

PRINCIPAL'S MESSAGE

Prof (Dr.) K.N. Dubey
Principal
MDS, Oral & Maxillofacial
Surgery

"You don't have to be great to start, but you have to start to be great" Saraswati Dental College is a premier institute of India since its existence. It is an institute where we strive for highest quality of dental education and patient care. The faculty is highly experienced, well trained and accomplished group of teachers who like to teach the students in a dentistry with the help of modern and most sophisticated method in smart classrooms, laboratories, clinics and general hospital (100 bedded) equipped with latest medical/dental gadgets. As the Institution is situated in the capital city of the state of Uttar Pradesh which is well connected to all parts of India through roads, rail and air transport, it is easy to reach. The lush green campus with world class infrastructure also provides students with the opportunity to have a better quality of life during their stay in the institute. At Saraswati Dental College we firmly believe in overall development of our students, that is why each and every student is given an opportunity and conducive environment to pursue their hobbies. The faculty and staff eagerly help and guide the students in achieving academic and extracurricular goals in a disciplined yet friendly ambience. Because of all the above reasons our institution is highly acclaimed and recognized not only in our country but also internationally. This is why many of our students are getting international placements routinely.

"Future belong to those who believe in the beauty of their dreams."

- Exposure to Forensic Odontology to gain interdisciplinary knowledge of forensic science that opens an avenue to become a Forensic Odontologist.
- Continuous motivation and focus on Innovations and Dental Research.

DEPARTMENT OF ORAL & MAXILLOFACIAL PATHOLOGY AND ORAL MICROBIOLOGY

Name : **Dr. Kunal Sah**
Qualification : MDS, PGDHA, M.B.A, FAGE, FICD, FIMSA
Designation : Professor & Head
Experience : 15 Years
Publication : 35 National & International
Thrust Area : Early Detection and Diagnosis of Potentially Malignant Oral Disorder, Natural Substitute for Formalin

HIGHLIGHTS

- High quality training in Diagnostic Oral Histopathology, Cytology, Microbiology, Hematology, Forensic Odontology and Telepathology.
- Exposure to Advanced Diagnostic Technique and Equipment like Immunohistochemistry Microbial Culture, Photomicrography, Fluorescent Microscopy, Dark Field Microscopy and Stereomicroscopy.
- Training and Postings in Advanced Oncology Centers.
- MoU's with Institutes and organizations of National and International repute for student exchange programs, academic and research collaborations
- The specialty of Oral & Maxillofacial Pathology and Oral Microbiology deals with the understanding of

Anatomy, Physiology, Embryology and Histology of Oral and Para-oral Structures and its Pathology It also imparts knowledge & Skills on Forensic Odontology

DEPARTMENT OF ORTHODONTICS & DENTOFACIAL ORTHOPAEDICS

Name : **Dr. Ragni Tandon**
Qualification : MDS
Designation : Professor & Head
Experience : 30 Years
Publication : 27 International & 55 National
Honour : Member of Uttar Pradesh Dental Council
Thrust Area : Adult Orthodontics Clinical innovations

HIGHLIGHTS

- Individualised treatment plan for each and every patient by pre adjusted appliances.
- Aligners.
- Surgical Orthodontics.
- Cases also done by –
 - Ceramic brackets
 - Case of temporary anchorage devices (Implants , Bone plates)
 - Lingual orthodontics
 - Fixed functional appliances.(Hybrid, Rigid)

DEPARTMENT OF PEDODONTICS AND PREVENTIVE DENTISTRY

Name : **Dr. Saumya Navit**
Qualification : MDS
Designation : Vice Principal, Dean U.G. Studies, Professor and Head
Experience : 19 years 6 months.
Publications : 37 National and International
Honours : Ex-executive council member of ISPPD,
-Founder member of South Asian Association of
Pediatric Dentistry

HIGHLIGHTS

- Specialized in managing uncooperative children by using non-pharmacological behaviour modification techniques.
- Single sitting pulpectomies using rotary endodontics followed by SS crowns is done proficiently.
- Expertise in managing children under general anaesthesia and doing full mouth rehabilitation procedures.
- Skilled in procedures of preventive and interceptive orthodontics such as correction of oral habits, serial extractions and space regaining to prevent future malocclusions.
- Department is well equipped with all new techniques and materials including the conscious sedation unit and Audio-Visual aids.

DEPARTMENT OF PERIODONTOLOGY

Name : **Dr. Vivek Bains**
Qualification : MDS, PGDHHM, Fellow Laser Dentistry
Designation : Professor & Head
Experience : 16 Years
Publication : 50 National & 25 International
Thrust Area : Perio-Implant Aesthetics, Laser Dentistry, Perio-Diabetes Link

HIGHLIGHTS

- The department has a Special Care Oral Health Unit to take comprehensive care of oral health needs of patients.
- Emphasis on learning latest clinical procedures including but not limited to the following:
 - Soft tissue augmentation
 - Connective tissue grafting
 - Free gingival grafting
 - Tunneling procedures
