REPORT

BASIC LIFE SUPPORT- TRAINING PROGRAM

The Department of Oral and Maxillofacial Surgery successfully conducted a *Basic Life Support (BLS) Training Programme at Saraswati Dental College and Hospital Lucknow on 20 November 2025 , aimed at enhancing emergency response skills among students and faculty. Dr. Rajni Gupta associated K.G.M.U was invited as the Chief Guest and lead trainer for the session, delivering a highly informative and practical demonstration on essential life-saving techniques.

During the programme, the department had the honour of *felicitating our Principal Sir* and *Dr. Rajni* in recognition of their invaluable contribution and support. The event received excellent participation and provided attendees with hands-on experience, strengthening their confidence in handling medical emergencies.

The session concluded with positive feedback from participants, marking the programme as a successful and enriching academic initiative.
